Pray Dangerously

In May 2022, I prayed a dangerous prayer. I asked the Lord if I was doing everything I was supposed to do for his Kingdom. I thought it was a 'safe' prayer. I could not imagine what more He could want from me. The Lord, however, thought otherwise! That little prayer unleashed a series of God-events that turned my little life upside down and led me directly to the pregnancy center.

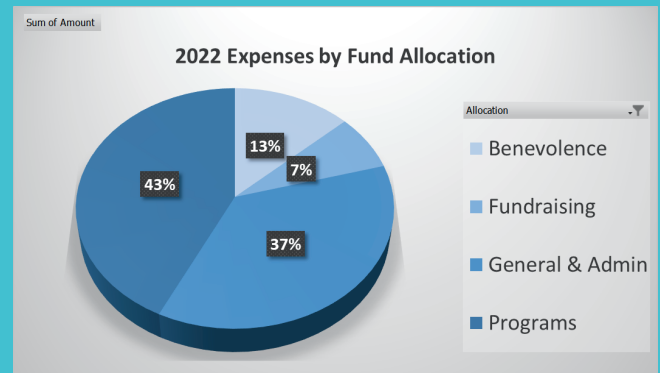

Since then, I have noticed that the Bible has ALOT to say about our duty to save the innocent. Just this morning, I read:

Rescue those being dragged off to death, hold back those stumbling to slaughter. If you say, "Look, we did not know this," will not He who weighs hearts perceive it?
Proverbs 24:11-12 NIV

The clarion call could not be more obvious. I have been pro-life most of my adult years, but lately, I am sensing the intensity behind His Word. Perhaps it's because a woman can now perform a chemical abortion at home. Maybe it's because of the intense cultural pressure to silence the pro-life voice.

One thing is sure, God never leaves the enemy unchallenged.

Resource Allocation

On the contrary, God is active, calling forth his people to stand in the gap, to pray, to take a risk, and get involved as He directs. He is the Master Strategist!

If God is speaking to your heart, I invite you pray that 'safe' prayer, too. Especially, if you think you are already in His perfect will. You never know what else He might have in store for you!
