Our nation is grappling with abortion rights at the state level. Many states already have abortion measures on their ballot. In Missouri, there's a robust effort to add abortion rights to our state constitution. It is a crucial time to become involved, to show your support for the unborn, and to convey a message of hope and help for expectant mothers facing difficult situations.

Please join us and learn how you can be a *voice for the voiceless* and share *hope with the hopeless*. Together, we can make a difference in our state and our community.

KAILEE PERRIN

GUEST SPEAKER

What do you do when at 18 you find yourself addicted to drugs and alcohol, and find out you're pregnant? Kailee planned on having an abortion, not seeing any hope for a good life for her or her baby.

Through an unlikely series of events, and the involvement of unlikely people, Kailee found herself in a pregnancy center. Thinking that they offered abortions, she walked in, and instead found the acceptance, hope, and love that she so desperately needed. She decided to keep the baby and go into rehab. After entering rehab, she began a relationship with Jesus. Not long after that, she found out that the father of her baby had turned his life around and wanted to be the father their child deserved.

Kailee's story is a powerful testimony that God uses ordinary people to do extraordinary things. He is still working through impossible situations to save babies and help mothers build a better future for themselves.
